

## STATUS OF INVITED JUNIOR RESEARCHER (INTRODUCTION TO RESEARCH ACTIVITIES)

1. In specific cases and where there is a clear added value to University Fernando Pessoa, graduate students who have not yet obtained a Doctoral degree (or equivalent), or that are not recognized experts in a particular area in their fields, will be accepted with the status of Invited Junior Researcher, to conduct research on the premises of UFP. Students from other universities who are involved in research projects of interest to UFP teachers/researchers may be considered for this type of activities.
2. The status of Invited Junior Researcher, when approved by the corresponding Direction of the Faculty, is valid for one calendar year (non-renewable) and subject to payment of an administration fee of € 500 for the use of services.
3. The status of Invited Junior Researcher does not allow its holder to credit the attendance of classes of any kind: lecture or theoretical (T); theoretical and practical (TP); non-laboratory practice (P), and laboratory practice (PL); clinical (C), fieldwork (TC); tutorial (O) or seminars (S).
4. ECTS credits arising from the research activities' workload cannot be claimed for pursuing studies at UFP.
5. All applications to the status of Invited Junior Researcher must necessarily be accompanied by an invitation letter from the teacher/main researcher at UFP and by Annex A to the Regulation of Intellectual Property of the University.
6. The payment of the administrative fee should be made up to a month before the start of research activities via bank transfer:
